

WC KIDS HEALTH STANDARDS

If your child or anyone in your family has had any of the following symptoms within the last 24 hours, please do not bring them to WC Kids:

- Fever (99 or higher)
- Diarrhea
- Vomiting
- Skin rashes
- Coughing
- Excessively runny nose
- Shortness of breath
- If they have had recent exposure to anyone likely COVID-19 positive

In order to keep all children and Volunteers healthy and safe, if your child appears to not feel well, they will not be able to join us in WC Kids. If a child appears to feel unwell, his/her temperature may be taken and pick up may be required.

***Thank you for partnering with us to
keep everyone healthy!***
